

MR. BRAINWASH

BITCOIN

NEW COLLECTION

ALL CULTURAL IMAGES AND CONTROVERSIES ARE OF INTEREST TO MR BRAINWASH WHOSE WORK CONSISTENTLY REINTERPRETS THE WORLD OF BOTH HIGH ART AND POPULAR CULTURE FOR HIS OWN ARTISTIC, OR SOMETIMES MISCHIEVOUS, PURPOSES.

With 'Bitcoin', we see him doing what he does best: appropriating an image and altering it to undermine, comment on, or gently mock the tone of the original. In this case, it is the bitcoin symbol that is revisited and transformed from a lifeless cryptocurrency graphic into a colourful and dynamic tribute to the digital age, Warhol style.
